WEDDINGS

Thanks to our partner "**Traveling Curious**", an agency specializing in sustainable and responsible tourism recognized by Europarc, we try to make our guests live the experiences of Galzignano Resort during their stay.

Activities aimed at getting to know and discover the **heart of Veneto by bike**, boat and on foot for individual tourists and groups through itineraries that are real experiences. Bike excursions travel along the most beautiful cycle paths in the Veneto region and the green corridors of the area to meet the Venetian villas, baroque gardens and other excellences that dot the area.

The **rowing boat** excursions follow the Venetian canals and rivers a chance to chat with the boatmen learning about the local inhabitants, their places and their stories.

The **excursions on foot**, on the other hand, allow you to discover country paths, the warm welcome of the **local wineries** and their fine wines produced from volcanic soils and rich in minerals.

A wonderful experience is also that of visiting and **tasting extra virgin olive oil at local oil** mills and zero km production.

1CC97B5

The kitchen is transformed into a laboratory creating an area of learning and challenge. Participants are divided into teams each group then has to organize themselves to achieve the common goal: to create the whole menu for the whole group.

WINE TASTING

A sensory experience in which the participants will be taught by a winemaker - how to recognize the complex characteristics of several wines, afterwards, each team will present the wines to the group demonstrating their knowledge.

CORPORATE OLYMPICS

Fun, invigorating activity for all levels. Divided into teams participants will face a different challenge, in sport, animation, artistic skills, to then reach the highest score which will ultimately decide the winning team.

DEBRIEFING INFORMATION

Through the analysis of what they experienced, the participants are led to understand the analogy between play and professional life (in the company) to be able to personally demonstrate these skills in the workplace.

MIND & BRAIN GAMES

Rebus puzzles and secret codes to solve (Area Logistic) balance games (kinesthetic area), games through dexterity, narration and improvisation (creative area), riddles to be solved by using the 5 senses (sensory area). At the end mentalism show.

E BIKE

An ideal group cycling tour to recreate an occasion that the participants will enjoy a scenic tour between hills and vineyards of the surrounding area. With the opportunity to combine some short interesting breaks along the way.

ORIENTEERING

Also called "Team sport" it is a test against time in which the participants, with the help of a map and a compass, must navigate from one point to another in the shortest time possible.

CREATIVE PAINTING

A creative activity using large canvases lying on the ground in which each participant lets their imagination run free to create a group art project. Brushes, sponges, rollers, spray paints and lots fun

EQUILEADERSHIP

Land activities with horses are carried out in groups and/or individually, with different exercises of harmony and communication between horse and rider.

PHOTOGRAPHIC GEOCACHING

Participants must search, with the aid of a GPS and the coordinates provided, for precise points and photograph them. The goal is to reproduce the photos provided at the start of the activity in the time monitor possible.
